chipboard)	У	У	у	у	

DIY waste policy

DIY waste refers only to materials arising from small scale works in a householders own property. For large scale works, householders are expected to use a private waste contractor and hire a skip.

DIY waste is only accepted at Llanfoist, Five Lanes and Mitchel Troy (space at Mitchel Troy is limited, only very small amounts of DIY waste can be taken to this site).

On arrival at the site, you must make contact with site staff.
