natur wyllt

Mae Natur Wyllt yn brosiect peilot newydd sy'n canolbwyntio ar dref Trefynwy ac sy'n cael ei ariannu drwy gymunedau gwledig Llywodraeth Cymru o dan Fesur LEADER y rhaglen Datblygu Wledig 2014 - 2020.

Mae'r prosiect am ymgysylltu a chodi ymwybyddiaeth o bwysigrwydd peillwyr a'r camau y gallwch chi eu cymryd nawr i helpu i wrthdroi eu dirywiad.

Mae'r prosiect hwn yn galw am gefnogaeth gan bob un ohonom i ddechrau meddwl am amddiffyn y rhywogaethau sydd yn rhoi cymaint i ni, fel yr amrywiaeth o fwyd sydd ar ein byrddau, y tirweddau prydferth sydd yn amgylchynu Tref Trefynwy a'r amrywiaeth anhygoel o ran natur.

'Plummeting insect numbers ' threaten collapse of nature'

Guardian
10fed Chwefror 2019

'Widespread losses of pollinating insects revealed across Britain. Wild bees and hoverflies lost from a quarter of the places they were found in 1980, study shows'.

Mawrth 26ain 2019

Pan ddarllenwch y penawdau hyn a oeddech yn meddwl tybed beth sydd wedi achosi hyn, beth y gallech ei wneud i helpu ac a ydym yn gwneud unrhyw beth i helpu yn Nhrefynwy?

Bydd prosiect Natur Wyllt yn helpu i ateb y cwestiynau hyn trwy roi syniadau, camau gweithredu a gwybodaeth ar sut i wneud newidiadau a fydd yn helpu'r peillwyr. Bydd hefyd yn dweud wrthych beth mae Cyngor Sir Fynwy a Chyngor Tref Trefynwy yn ei wneud i helpu.

Mae'r prosiect yn para tan fis Mehefin 2020 ac yn cael ei arwain gan Gyngor Tref Trefynwy ynghyd ag arbenigwyr lleol o 'Bees for Development', 'Monmouthshire Meadows Group', 'Bee Friendly Monmouthshire' a 'Transition Monmouth', bydd y bobl hyfryd hyn yn rhoi syniadau a wybodaeth i ni ar ffyrdd o helpu.

Os hoffech wybod mwy neu os ydych am ymrwymo i'r prosiect a dechrau cymryd camau gweithredu, cysylltwch naill ai ar

nature isn't neat

Help us to protect our pollinators

Nature Isn't Neat is a new pilot project focused in Monmouth Town and is funded through the Welsh Government Rural Communities under the LEADER measure of the Rural Development Programme 2014 – 2020.

The project wants to engage and raise awareness on the importance of pollinators and what actions you can take now to help reverse their decline.

This project is a rallying call for all of us to start thinking about protecting the species that give us so much, like the vast variety of food on our tables, the beautiful landscapes surrounding Monmouth Town and the incredible diversity in nature.

March 26th 2019

When you read these headlines did you wonder what has caused this, what you could do to help and are we doing anything to help in Monmouth?

Nature Isn't Neat project will help answer these questions by giving ideas, actions and information on how to make changes that will help the pollinators. It will also tell you what Monmouthshire County Council and Monmouth Town Council are doing to help.

The project runs until June 2020 and is led by Monmouth Town Council together with local experts from Bees for Development, Monmouthshire Meadows Group, Bee Friendly Monmouthshire and Transition Monmouth, these lovely people will give us the ideas and the information for ways to help.

If you want to know more or want to sign up to the project and start taking action please make contact either on NiN@monmouthshire.gov.uk or Twitter @natureisntneat, My Monmouthshire and facebook.
