Equality and Future Generations Evaluation

Name of the Officer Mark Hand Phone no: 07773 478579 E-mail: markhand@monmouthshire.gov.uk	Please give a brief description of the aims of the proposal Re-opening Monmouthshire's High Streets
Name of Service area: Placemaking, Housing, Highways and Flooding	Date 18 th June 2020

1. **Are your proposals going to affect any people or groups of people with protected characteristics?** Please explain the impact, the evidence you have used and any action you are taking below.

Protected Characteristics	Describe any positive impacts your proposal has on the protected characteristic	Describe any negative impacts your proposal has on the protected characteristic	What has been/will be done to mitigate any negative impacts or better contribute to positive impacts?
Age	<p>The schemes have been developed through collaboration with County Councillors, Town and Community Councillors and business representatives on the Business Resilience Forum.</p> <p>The aim of the proposals is to ensure our High Streets are safe for shoppers to return and support local businesses. Pedestrian routes will be widened where possible at pinch points to allow social distancing and queuing. Where kerblines will be in the middle of footways, they will be painted red to highlight the level change.</p> <p>The proposal will allow communities to safely access local shops, which will benefit those who are without internet access/capability to shop, or who are lonely and would benefit from safely seeing other people.</p>	<p>There is a potential negative perception that older pedestrians and motorists might be confused by the changes.</p> <p>Some on-street parking will be lost to pedestrianise areas. We will ensure that accessible and convenient parking close to High Streets remains available in alternative locations.</p>	<p>Live feedback will be invited so that schemes can be tweaked, changed or removed as appropriate. Proportionate signage will seek to provide clarity and guidance.</p> <p>A risk assessment has been carried out for each settlement.</p> <p>A review is ongoing to seek to reopen some public toilets.</p> <p>Individuals will be responsible for ensuring good personal hygiene and maintaining distancing.</p>

Protected Characteristics	Describe any positive impacts your proposal has on the protected characteristic	Describe any negative impacts your proposal has on the protected characteristic	What has been/will be done to mitigate any negative impacts or better contribute to positive impacts?
Disability	<p>The schemes have been developed through collaboration with County Councillors, Town and Community Councillors and business representatives on the Business Resilience Forum.</p> <p>The aim of the proposals is to ensure our High Streets are safe for shoppers to return and support local businesses. Pedestrian routes will be widened where possible at pinch points to allow social distancing and queuing. Where kerblines will be in the middle of footways, they will be painted red to highlight the level change to assist the visually impaired. Some disabilities may increase vulnerability to coronavirus, making social distancing increasingly important.</p> <p>The proposal will allow communities to safely access local shops, which will benefit those who are without internet access/capability to shop, or who are lonely and would benefit from safely seeing other people.</p>	<p>Guide dogs are not trained to maintain social distancing and the widened footpaths into carriageways will not be understood by guide dogs who are trained to respond to kerblines.</p> <p>Some on-street parking will be lost to pedestrianise areas. We will ensure that accessible and convenient parking close to High Streets remains available in alternative locations.</p>	<p>Live feedback will be invited so that schemes can be tweaked, changed or removed as appropriate.</p> <p>A risk assessment has been carried out for each settlement.</p> <p>A review is ongoing to seek to reopen some public toilets.</p> <p>Individuals will be responsible for ensuring good personal hygiene and maintaining distancing.</p>
Gender reassignment	No impact		

Protected Characteristics	Describe any positive impacts your proposal has on the protected characteristic	Describe any negative impacts your proposal has on the protected characteristic	What has been/will be done to mitigate any negative impacts or better contribute to positive impacts?
Marriage or civil partnership	No impact		
Pregnancy or maternity	The scheme widens the pedestrian areas which will assist parents using prams/pushchairs or pregnant people wishing to ensure social distancing.	None	A review is ongoing to seek to reopen some public toilets. Individuals will be responsible for ensuring good personal hygiene and maintaining distancing.
Race	No impact		
Religion or Belief	No impact		
Sex	No impact		
Sexual Orientation	No impact		
Welsh Language	Signage will be proportionate to avoid physical and visual clutter. Highway signs will be DfT approved and bilingual.		
Poverty	People on low incomes or in poverty may not have internet access or be able to make non-cash payments. Safely reopening our High Streets will enable them to safely access a range of shops and services as lockdown is eased.	Public transport services are limited and may be perceived as less safe than the private car. This is not within MCC's control but we will work with service providers to ensure key routes are operating.	

2. Does your proposal deliver any of the well-being goals below? Please explain the impact (positive and negative) you expect, together with suggestions of how to mitigate negative impacts or better contribute to the goal. There's no need to put something in every box if it is not relevant!

Well Being Goal	Does the proposal contribute to this goal? Describe the positive and negative impacts.	What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?
<p>A prosperous Wales Efficient use of resources, skilled, educated people, generates wealth, provides jobs</p>	<p>The project seeks to create a safe and attractive environment for shoppers to return to our High Streets to support local businesses. Creating such an environment is widely used to support retail, services, hospitality outlets which in turn attracts businesses and subsequent employment whilst adding to the general appearance of prosperity and vitality in a town centre.</p>	<p>A marketing campaign is running alongside the physical works. Live feedback will be sought on the trial changes, allowing for tweak, changes, additions and removal as appropriate.</p>
<p>A resilient Wales Maintain and enhance biodiversity and ecosystems that support resilience and can adapt to change (e.g. climate change)</p>	<p>The proposals seek to create a safer environment for pedestrians and cyclists and will hopefully encourage active travel instead of car use.</p>	<p>A funding bid has been submitted to WG to enable active travel improvements. A decision is awaited.</p>
<p>A healthier Wales People's physical and mental wellbeing is maximized and health impacts are understood</p>	<p>The proposals seek to prioritise pedestrians and cyclists as well as support businesses. Active travel is being promoted and supported by government as a way to engender a healthier lifestyle.</p>	<p>The proposals are trials and live feedback is welcomed to enable schemes to be tweaked, added to, changed or removed as appropriate. If measures are successful consideration can be given to making them permanent, following further consultation.</p>
<p>A Wales of cohesive communities Communities are attractive, viable, safe and well connected</p>	<p>To be successful our High Streets need to be safe and attractive for residents and visitors. To achieve this there must be space to facilitate social distancing and the potential for licenced outdoor seating to cafés, bars and restaurants to appeal to a</p>	

Well Being Goal	Does the proposal contribute to this goal? Describe the positive and negative impacts.	What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?
	wide section of society with all generations being comfortable in the environment.	
<p>A globally responsible Wales Taking account of impact on global well-being when considering local social, economic and environmental wellbeing</p>	<p>The project is about the economic health of our High Streets but the physical health of our communities is paramount. Measures to ensure pedestrian safety and to encourage active travel will encourage people to adopt a more healthy lifestyle through walking and cycling.</p>	
<p>A Wales of vibrant culture and thriving Welsh language Culture, heritage and Welsh language are promoted and protected. People are encouraged to do sport, art and recreation</p>	<p>Monmouthshire is a county of historic market towns blessed with high quality independent traders and tourism attractions. As such, it is important that our towns and villages are safe and attractive to visitors and tourism, being places where people are safe and confident visiting and spend some time.</p>	
<p>A more equal Wales People can fulfil their potential no matter what their background or circumstances</p>	<p>Monmouthshire has a greater proliferation of small businesses than any other county in Wales. Creating an environment to support those seeking to invest or expand in retail thereby adding to the prosperity of our towns benefit from this project</p>	

3. How has your proposal embedded and prioritised the sustainable governance principles in its development?

Sustainable Development Principle	Does your proposal demonstrate you have met this principle? If yes, describe how. If not explain why.	Are there any additional actions to be taken to mitigate any negative impacts or better contribute to positive impacts?
 <p>Balancing short term need with long term and planning for the future</p> <p>Long Term</p>	<p>The proposals are trial measures to enable visitors and shoppers to safely socially distance. Live feedback will be sought to enable measures to be tweaked, added to, changed or scrapped as applicable. If measures are successful, they could be made permanent, subject to further consultation.</p>	
 <p>Working together with other partners to deliver objectives</p> <p>Collaboration</p>	<p>The proposals have been drafted in collaboration with County Councillors, Town and Community Councils and business representatives sitting on the Business Resilience Forum.</p>	<p>A review meeting will be arranged for late July to discuss how the measures are working and provide an update on feedback received and changes made in the interim.</p>
 <p>Involving those with an interest and seeking their views</p> <p>Involvement</p>	<p>The proposals have been drafted in collaboration with County Councillors, Town and Community Councils and business representatives sitting on the Business Resilience Forum. A community survey received nearly 1500 responses which have helped shape the measures proposed. A further survey helped inform active travel proposals to support town centres.</p>	<p>Further feedback on successes and problems can be submitted via live feedback on the measures.</p>
 <p>Putting resources into preventing problems occurring or getting worse</p> <p>Prevention</p>	<p>The purpose of the proposals is to put physical measures in place to avoid health and/or economic problems occurring, i.e. communities are kept safe while businesses are supported.</p>	

Sustainable Development Principle	Does your proposal demonstrate you have met this principle? If yes, describe how. If not explain why.	Are there any additional actions to be taken to mitigate any negative impacts or better contribute to positive impacts?
 <p>Considering impact on all wellbeing goals together and on other bodies</p>	<p>The proposals seek to balance the competing needs of shoppers, businesses, pedestrians, cyclists and drivers (given the rurality, topography and demographic of the county it is appreciated that car use will remain essential for some people).</p>	

4. Council has agreed the need to consider the impact its decisions has on the following important responsibilities: Social Justice, Corporate Parenting and Safeguarding. Are your proposals going to affect any of these responsibilities?

	Describe any positive impacts your proposal has	Describe any negative impacts your proposal has	What will you do/ have you done to mitigate any negative impacts or better contribute to positive impacts?
Social Justice	<p>People experiencing poverty may not have access to internet shopping or non-cash payment, so ensuring high streets are safe to return to will assist their opportunities to access goods and services, as lockdown easing allows businesses to trade. Data suggests that there is a link between poverty and vulnerability to coronavirus, so a safe environment that enables social distancing is particularly important.</p>		
Safeguarding	Not applicable		
Corporate Parenting	Not applicable-		

5. What evidence and data has informed the development of your proposal?

These are trial measures informed by Councillors, Town and Community Councils, business representatives, community feedback and officer expertise.

6. SUMMARY: As a result of completing this form, what are the main positive and negative impacts of your proposal, how have they informed/changed the development of the proposal so far and what will you be doing in future?

The proposals will enable our communitiies to be and feel safe when visiting our High Streets, thereby supporting the local businesses that are vital to the sustainability and attractiveness of our towns and villages. Measures seek to encourga active travel.

7. ACTIONS: As a result of completing this form are there any further actions you will be undertaking? Please detail them below, if applicable.

What are you going to do	When are you going to do it?	Who is responsible
Review of measures via live feedback and arranged review meetings with Councillors, Town and Community Councils and business representatives.	Immediately, with first review meeting in late July 2020	MCC to arrange (Mark Hand)

8. VERSION CONTROL: The Equality and Future Generations Evaluation should be used at the earliest stage, such as informally within your service, and then further developed throughout the decision making process. It is important to keep a record of this

process to demonstrate how you have considered and built in equality and future generations considerations wherever possible.

Version No.	Decision making stage	Date considered	Brief description of any amendments made following consideration
1	Officer sign off of proposals, with agreement from Cabinet Member for Highways and Infrastructure and Cabinet Member for Enterprise and Land Use Planning	18 th June 2020	Amendments to proposals made during previous ten days from meetings with businesses and Town/Community representatives.
