

SECTION 171 – EXCAVATION IN THE HIGHWAY

APPLICATION PACK

IN ACCORDANCE WITH THE HIGHWAYS ACT 1980

CONTENTS

- A. Guidance Notes & Conditions**
- B. Application Procedure**
- C. Application Form (SWL1)**
- D. Portable Traffic Signals Application Form**
- E. Statutory Undertakers List**
- F. Checklist**
- G. Registration of Works (SWL2)**

A. GUIDANCE NOTES & CONDITIONS

1. It is essential that applicants for a licence under Section 171 make themselves aware of all the requirements of the Highways Act 1980 (HA 1980) and the New Roads and Street Works Act 1991 (NRSWA 1991), the associated Regulations and Codes of Practice. Non compliance with the Regulations and the Act can in some circumstances result in criminal offences being committed and the licensee on summary conviction is liable to a fine not exceeding Level 3 on the standard scale for each offence.
2. The person granted a Street Works Licence becomes an Undertaker for the purposes of the NRSWA 1991, and therefore has the duties and responsibilities imposed by the Act and associated Secondary Legislation and Codes of Practice. Applicants not familiar with the requirements of this legislation are strongly advised to appoint a contractor with the appropriate knowledge and accreditation to help complete the application.
3. The Licensee shall pay the Street Authority (Monmouthshire County Council) a licence fee of £425.00 which is made up of:-
 - (i) £140 administration fee
 - (ii) £80 capitalised fee in lieu of annual charge
 - (iii) £205.00 inspection fee for each 200m length, or part thereof.The applicant is also responsible for paying any other associated costs, such as traffic diversions, temporary traffic orders, damage and losses caused by the works.
4. Prior to the commencement of any works the applicant shall determine the precise location of any Statutory Undertakers plant. The applicant shall allow for the notification process when programming his works and copies of the plans are to be submitted to the Street Authority on application.
5. The Street Works (Qualifications of Supervisors and Operatives) Regulations 1992 sets out the criteria of qualifications for persons excavating in the highway required by Section 67 of the NRSWA 1991. For the purposes of carrying out the works, the Licensee or agent shall comply with the Codes of Practice for Training issued under the NRSWA, 1991. Specifically the supervisor and operative will be trained and accredited to the requirements of the Codes of Practice. ***Proof of such accreditation must be provided with this application.***
6. The Licensee shall undertake the works so as to minimise disruption and obstruction to vehicular and pedestrian traffic and shall guard the works in accordance with the Safety at Street Works and Road Works Code of Practice 2001 which gives specific guidelines on the safe signing, lighting and guarding of temporary works on the Highway, as required by Section 65 of the NRSWA 1991.
7. Certain streets have been designated with special conditions to control street works. The licensee must ensure that any works comply with these conditions. These are available from Monmouthshire County Council (Mon CC) upon request.

8. The Licensee shall indemnify Mon CC as the Highway Authority (HA) in respect of any Third Party actions claim demands, expenses or proceedings in respect of injury, damage or loss which may arise from his works on the highway. The Licensee shall effect insurance indemnifying the Licensee and the Council, for the duration of the works and until the Council resumes responsibility for maintenance of the highway. Such insurance shall afford indemnity of not less than £5 million in respect of each and every occurrence or series of occurrences caused by or attributable to any event giving rise to a claim. **A copy of the insurance certificate shall be included with this application.**
9. The date when the HA will resume responsibility for maintenance of the highway works, distinct from the apparatus, will normally be two years (three years for excavations greater than 1.5 meters depth) from the date the Authority is notified (by form SWL2) of the permanent reinstatement. Until the Highway Authority assume responsibility for maintenance of the works the Licensee shall be responsible for any claims arising from the work or any necessary maintenance works and associated costs. The HA shall determine any necessary works.
10. A bond payment is required on application to indemnify the HA against substandard workmanship. A fee of 20% of the estimated cost of the whole works will be required and can be paid via cheque or card. This payment will be released after the maintenance period. Alternatively, a Surety Bond will be accepted. The applicant shall also be liable for any further inspections that may be necessary in the same manner as provided under Section 72 (2) of the NRSWA 1991. **Please note – the bond payment will be required before any works commence.**
11. Reinstatement of the works shall be in accordance with the specification provided by the HA. Any excavation shall be at least temporarily reinstated with bitumen macadam before removing any signing and barriers. No trench reinstatement is to be re-opened to highway users without at least a temporary bituminous layer being in place, which is flush with the level of the adjacent highway. Any temporary reinstatement shall be agreed with the HA.
12. In the event of the works being cancelled after the application form has been submitted a fee will be charged to the applicant to cover administrative costs.
13. It is an offence to carry out street works without a valid street works licence. Please refer to Section 51 of the NRSWA 1991.
14. If the applicant objects to these conditions or a refusal to grant the licence, then an appeal may be made to the Secretary of State.

B. APPLICATION PROCEDURE

Applications must be **received** at least **ONE MONTH** in advance of the commencement of the proposed works. This is to allow Mon CC to discharge its duty. **If a Road Closure is required an application must be received at least THREE MONTHS in advance of the commencement of the proposed works.** Please contact 01633 644644 for further advice.

The following are required in order to grant the licence:-

1. **Completed application form (SWL1).**
2. **Licence fee** - payment in advance (cheques made payable to Monmouthshire County Council) of £425.00 for trenches up to 200m & £205.00 for every 200m thereafter.
3. **2 x 1:1250 scaled plans** (of Ordinance Survey standard) of the proposed location & depth, of the relevant apparatus, marked by a red broken line.
4. **Utility plans** for each utility, identifying the location of their apparatus, must be obtained and copies enclosed. *A list of undertakers to be notified is included in this pack.*
5. **Letter to local residents** affected by the works. A copy is to be enclosed.
6. **Public Liability Insurance** - a copy is to be enclosed and must provide a minimum of **£5m** cover.
7. **Proof of Street Works Accreditation** - copies of qualified supervisors and operatives SWQR cards (front & back). An accredited supervisor must supervise the work and at least one accredited operative must be on site at all times whilst the works are in progress. **N.B this cannot be the same person.**
8. **Method of works statement & risk assessment.**
9. **Surety Bond** - a fee of 20% of the estimated cost of the works is required on application.

The following are required upon completion of the works:-

- **Completed registration form (SWL2)** To be submitted, giving details of any reinstatement, within **TEN WORKING DAYS** of the completion of the works and clearing the site. Interim reinstatements must be made permanent within 6 months and during that time must perform to the same standards as a permanent reinstatement.

SECTION 3 (Details of person/company conducting the works)

Name: _____

Address: _____

Tel No: _____ Mobile: _____

Contact Name: _____ E-mail address: _____

The names and details of personnel to be employed on the site, to act as Accredited Operatives and Supervisors, under the Street Works (Qualifications of Supervisors & Operatives) Regulations 1992 must be entered below:-

Supervisor Name: _____ Registration No. _____

Card Expiry Date: ____/____/____

Operative Name: _____ Registration No. _____

Card Expiry Date: ____/____/____

Proof of Accreditation is required. Please enclose a clear copy of front and back of cards.

EMERGENCY CONTACT DETAILS (24 hour contact number)

Name: _____

Tel No: _____

E-mail address: _____

SECTION 4 (Insurance details)

Public Liability insurance of a minimum of £5 million must be provided by the contractor and must be valid up to the completion of permanent reinstatement. (Copy of insurance document required)

Company Name: _____

Address: _____

_____ Post Code: _____

Tel No: _____

Policy No: _____ Date Expires: _____

SECTION 5

I confirm that the foregoing details are correct, and acknowledge that the works referred to above must be conducted in accordance with the requirements of the HA 1980, NRSWA 1991 and the Traffic Management Act 2004, associated legislation and codes of practice, together with any other conditions imposed by the Street Authority.

I confirm that all reasonably practicable steps have been taken to ensure that other owners of apparatus likely to be affected by these works have been contacted and where necessary location of apparatus identified.

I acknowledge that the licence is granted on the condition that I will indemnify the Street Authority against any claim in respect of injury, damage or loss arising out of :

- a) The placing or presence in the street of private apparatus to which the licence relates, or
- b) The execution by any person(s) of any works authorised by the licence.

I acknowledge the statutory need for me to pay the prescribed inspection fees which will be imposed by the Street Authority, including any defect inspection fees and the cost of any necessary remedial works conducted by the Street Authority during the guarantee period.

I confirm that I have read and understand the Guidance Notes & Conditions as attached.
(NB further specific conditions may be imposed at the time of granting the licence).
