STATEMENT OF REASONS

The Welsh Government are to introduce a national default 20mph speed limit for residential restricted roads in Wales by September 2023. In advance of this initiative, and following representations received from the local community MCC propose to introduce a community wide 20mph speed limit. The Welsh Assembly Government's Circular 24/2009 provides national guidance for Setting local speed limits in Wales. MCC has considered paragraph 5.6 to 5.11 of the Welsh Assembly Government's Circular 24/2009 in particular 5.7 and 5.10. A decision has been made to depart from this guidance for the following reasons: The proposal is intended to reduce travelling speeds through the community, which in turn will encourage the use of alternative travel modes, such as walking, cycling and scooting. It will also have a positive impact on the health and wellbeing of the community. The proposals will contribute to creating a safer, more welcoming highway environment for all highway users and lessen the severity of road collisions.

DATGANIAD O'R RHESYMAU

Mae Llywodraeth Cymru i gyflwyno terfyn cyflymder 20mya diodyn cenedlaethol ar gyfer ffyrdd cyfyngedig preswyl yng Nghymru erbyn mis Medi 2023. Cyn hyn, ac yn dilyn sylwadau a dderbyniwyd gan y gymuned leol, mae CSF yn bwriadu cyflwyno terfyn cyflymder 20mya ar gyfer y cymunedau. Mae Cylchlythyr 24/2009 Llywodraeth Cymru yn darparu canllawiau cenedlaethol ar gyfer Gosod terfynau cyflymder lleol yng Nghymru. Mae CSF wedi ystyried paragraffau 5.6 i 5.11 o Gylchlythyr 24/2009 Llywodraeth Cymru, yn arbennig 5.7 a 5.10. Mae penderfyniad wedi'i wneud i wyro oddi wrth y canllawiau hyn am y rhesymau a ganlyn: Bwriad y cynnig yw lleihau cyflymder teithio drwy'r gymuned, a fydd yn ei dro yn annog y defnydd o ddulliau teithio amgen, megis cerdded, beicio a defnyddio sgwteri. Bydd hefyd yn cael effaith gadarnhaol ar iechyd a lles y gymuned. Bydd y cynigion yn cyfrannu at greu amgylchedd priffyrdd mwy diogel a chroesawgar i holl ddefnyddwyr y priffyrdd a lleihau difrifoldeb gwrthdrawiadau ar y ffyrdd.
