Provide a general description of the premises

For example the type of premises, its general situation and layout and any other information which could be relevant to the licensing objectives. Where your application includes off-supplies of alcohol and you intend to provide a place for consumption of these off- supplies you must include a description of where the place will be and its proximity to the premises.

The premises, known as Piercefield Park, is a Grade I registered historic parkland situated within the Wye Valley Area of Outstanding Natural Beauty (AONB). It is located approximately 1.5 miles north of Chepstow town centre and immediately adjacent to the eastern perimeter of Chepstow Racecourse. The site is a large-scale, open-air greenfield space primarily used for agriculture and recreation, but it is established as an event site capable of hosting large-scale outdoor festivals and concerts.

Continued from previous page...

The event site is a self-contained area within the wider Piercefield estate. The premises boundary for this application focuses on a designated area, which provides a natural amphitheater for stages and performance areas. All licensable activities, including the sale of alcohol and the provision of regulated entertainment, will be strictly restricted to within this defined premises boundary, as delineated on the submitted site plan.

The site features multiple established access points which provide clear routes for emergency vehicles. The undulating but managed terrain is suitable for the installation of temporary structures, such as marquees and stages, without compromising the integrity of the historic parkland.

The premises benefits from significant natural acoustic containment due to its unique geographical situation. The site is bordered to the east by dense, mature woodland and to the west by the expansive infrastructure of Chepstow Racecourse, both of which provide significant natural sound buffering towards most residential areas.

The application is to cover a total of four consecutive days (Thursday to Sunday) in May each year.

If 5,000 or more people are expected to attend the premises at any one time, state the number expected to attend

Section 18 of 21

LICENSING OBJECTIVES

Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e)

List here steps you will take to promote all four licensing objectives together.

As a small independent festival, our commitment is to provide a safe, enjoyable environment that respects both our patrons and the local community. We achieve this by placing the Licensing Objectives at the heart of our operations: ensuring Public Safety through rigorous infrastructure and medical planning; Preventing Public Nuisance by employing industry-leading acoustic consultants; and Preventing Crime and Disorder through professional, SIA-accredited security and strict alcohol management. Our small-scale and alignment with other established festivals on Piercefield Park allows for a manageable, high-quality event that provides a platform for music and arts while maintaining a footprint that is proportionate to the local environment.

Statement of Primary Use & Scale: The premises is to be used as an independent music and arts festival. The primary commercial activity and draw for the public is the provision of Regulated Entertainment; the supply of alcohol is a secondary, ancillary service. The event capacity for each year will be set within the Event Management Plan (EMP) in consultation with the Event Safety Advisory Group (ESAG) to ensure the site is managed safely and sustainably as the event evolves.

Event Management and Governance: The premises shall operate as a professionally managed event site. A comprehensive Event Management Plan (EMP) and a site-specific Noise Management Plan (NMP) shall be submitted to the Licensing Authority and the Event Safety Advisory Group (ESAG) for review. The EMP and NMP shall be submitted at least 12 weeks prior to the commencement of the event. The event shall, at all times, be maintained and operated in accordance with the versions of the EMP and NMP that have been seen and not objected to by the Responsible Authorities.

Operational Limits and Site Oversight: The premises license is restricted to a single event of four consecutive days (Thursday to Sunday) in May each year. On-site parking and camping facilities will be provided as identified on the Proposed Site Plan. A designated member of the management team will conduct regular site patrols to ensure all control measures identified in the Event Risk Assessment are implemented. Detailed plans showing all temporary structures, stages, bars, sanitary and welfare facilities will be provided to the Licensing Authority 12 weeks prior to the event.

Specialist Technical Provisions: The applicant has engaged a technical team with vast experience in acoustic optimisation at Chepstow Racecourse to oversee the NMP. This plan will include pre-event propagation modelling to determine optimum stage orientation and the deployment of a real-time monitoring system.

Training and Accountability: Prior to each event, all staff will receive documented training on the premises license conditions, including a mandatory Challenge 25 Policy. Training records, signed and dated by staff to confirm understanding, will be maintained and made available for inspection by any Responsible Authority. An up-to-date Incident Log will be maintained on-site, detailing the time, date, and description of any incidents. The Applicant will attend a separate debrief meeting after an event has taken place if required by the ESAG members.

b) The prevention of crime and disorder

Security & Stewarding: A specialist, SIA-registered security firm will be appointed. Numerical deployments and positions will be detailed in the Crowd Management & Security Plan (part of the EMP).

Alcohol Management: All bars will be managed by a Personal License Holder. Staff will be trained to identify signs of intoxication and to prevent "proxy purchasing."

Drug Policy: A strict zero-tolerance drugs policy will be in operation. SIA-licensed staff will conduct search procedures as

Continued from previous page...

detailed in the EMP. Documented procedures will be implemented to discourage the use or sale of controlled substances. The site will maintain a secure facility for the storage of any seized items until they can be collected by the police.

Capacity and Access Control: The event capacity will be strictly managed to remain below the licensed limit through an advance-only ticketing policy; no tickets will be sold at the gate to prevent unauthorised gatherings or overcrowding. All attendees will be processed via a digital ticketing system to provide real-time, accurate data on site occupancy, with every authorised guest issued a non-transferable wristband to ensure effective identification. Furthermore, unrestricted access shall be granted to officers from the Licensing Authority, Police, and Fire Service at all reasonable times for the purposes of inspection and the verification of public safety.

c) Public safety

Medical Provision: A dedicated first-aid and medical post will be established on-site, staffed by qualified professionals in accordance with Purple Guide standards.

Infrastructure: All temporary demountable structures (stages, marquees) will be signed off by a competent person before the public is admitted.

Fire Safety: The Licensee shall take all due precautions to prevent accidents. Any outbreak of fire, regardless of scale, shall be reported immediately to the Fire Brigade. All scenery or stage properties will meet required flame-retardancy standards.

Electrical & RCD Protection: All electrical fittings will be maintained in a safe condition. The Licensee shall ensure that all socket outlets for temporary or stage equipment are protected by Residual Current Devices (RCDs) with a 30 mA tripping current. A certificate from a qualified Electrical Engineer will be provided upon request.

Site Welfare: Floor coverings will be secured to prevent trip hazards. The site will provide sufficient sanitary conveniences which are properly cleansed and supplied with water. In the absence of adequate daylight, suitable and sufficient lighting will be provided in all areas accessible to the public. Adequate water provisions will be provided as detailed in the EMP.

d) The prevention of public nuisance

Acoustic Management Oversight: The applicant has engaged an acoustic consultancy team with vast experience at Chepstow Racecourse (2021 to 2025). The NMP will utilise propagation modelling to establish guideline Music Noise Level (MNL) limits for each stage to ensure compliance and protect residential amenity, particularly for the 02:00 finish.

Sound System Engineering: Where possible, sound systems will be flown rather than ground-stacked to focus energy downwards into the audience area. Speakers will be selected for narrow horizontal dispersion. To specifically manage the MNL, cardioid subwoofer arrays will be utilised to provide significant rear-rejection of low-frequency energy towards residential properties.

Technical Monitoring: We will deploy the SPLtrack real-time noise management system (Class 1 IEC 61672). Monitoring will be comprehensive, featuring Front of House (FoH) units and a strategic network of off-site units at sensitive receptors. This system provides continuous LAeq values in 1-minute and 15-minute intervals, allowing for instantaneous adjustments.

Reporting: A Noise Management Summary will be produced post-event for review and subsequent years will adjust accordingly.

Resident Liaison: A community liaison protocol will be established at least two weeks prior to the event to provide local residents with performance timings and a dedicated telephone complaints line. This line will be managed by the acoustic team throughout the live event. Any valid complaint will trigger an immediate acoustic investigation and reduction at the source if limits are exceeded.

Operational Noise Controls: Noisy build and break phases will be restricted to 08:00 to 20:00. The applicant will aim to cease earlier than 20:00 if it is reasonably practicable to do so.

e) The protection of children from harm

Age Restriction: This event is strictly for persons aged 18 and over. No children or persons under the age of 18 will be

Continued from previous page...

permitted on-site at any time. There will be no adult entertainment or services that may give rise to concern in respect of children.

Challenge 25: A strict Challenge 25 policy will be in operation at the main entrance and all bars. Only valid photo ID (Passport, Driving Licence, or PASS-approved card) will be accepted.

Refusals Register: An up-to-date refusals register will be maintained, recording the date, time, and reason for any refusal of service or entry.

Training: All staff involved in alcohol sales shall receive training prior to each event on the prevention of underage and proxy sales. Records of this training shall be maintained for inspection.

Section 19 of 21

NOTES ON DEMONSTRATING ENTITLEMENT TO WORK IN THE UK

Continued from previous page...

Entitlement to work/immigration status for individual applicants and applications from partnerships which are not limited liability partnerships:

A licence may not be held by an individual or an individual in a partnership who is resident in the UK who:

- does not have the right to live and work in the UK; or
- is subject to a condition preventing him or her from doing work relating to the carrying on of a licensable activity.

Any premises licence issued in respect of an application made on or after 6 April 2017 will become invalid if the holder ceases to be entitled to work in the UK.

Applicants must demonstrate that they have an entitlement to work in the UK and are not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity. They do this in one of two ways: 1) by providing with this application copies or scanned copies of the documents listed below (which do not need to be certified), or 2) by providing their 'share code' to enable the licensing authority to carry out a check using the Home Office online right to work checking service (see below).

Documents which demonstrate entitlement to work in the UK

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.
